

Public Solicitations in District Facilities

Students and staff of the schools are to be protected from intrusions on their time by announcements, posters, bulletins and communications of any kind from individuals and organizations not directly connected with the schools.

Fund raising by nonschool agencies or for nonschool activities during school hours will not be permitted without prior approval of the superintendent and/or designee.

The solicitation and sale of travel services to students may be permitted with approval of the superintendent on district property, at activities under the jurisdiction of the district and at interscholastic activities administered by a voluntary organization approved by the State Board of Education (i.e., Oregon School Activities Association).

This includes sale of services to students by any person or group that sells, provides, furnishes, contracts for, arranges or advertises travel services. Sellers of travel services must meet the following district criteria:

1. Belong to an association of sellers of travel certified by the director of the Department of Consumer and Business Services;
2. Provide proof of errors and omissions insurance;
3. Provide proof of a client trust account or performance bond;
4. Submit references;
5. Include in all information provided to students and parents that drug, alcohol and tobacco use will be prohibited;
6. Include in all information provided to students and parents a statement that the activity is a non-school-sponsored event;
7. Other qualifications established by the superintendent.

Materials distributed via the schools to students by nonschool organizations must not contain advertising which is beneficial to any particular group or business.

The administration of surveys, questionnaires, and requests for information by non-school-connected organizations will be disallowed unless an exception is granted by the superintendent. If the

superintendent grants an exception, the district will provide parents an opportunity to inspect the survey and to excuse their students from participating in the survey as required by the No Child Left Behind Act of 2001 (NCLBA). (See Board policy KAB - Parental Rights and accompanying administrative regulation.) The superintendent will provide notice at the beginning of the year of specific or approximate dates during the school year when such surveys are scheduled or expected to be scheduled. The rights provided to parents under this policy transfer to the student when the student turns 18 years old or is an emancipated minor under applicable state law.

The district recognizes its responsibility to protect student privacy. Personal information that may be collected as a result of such surveys will be released only with prior, written parental permission, unless as otherwise provided by NCLBA and/or the provisions of Board policy JOB - Personally Identifiable Information.

Exceptions may be made when, in their judgment, the best interests of the student will be served.

When any group or organization is not satisfied with the judgement of the superintendent as exercised under this policy, it may petition the Board in writing.
