Booster Club

The Board recognizes and appreciates the value of the Booster Club and its services to the activities programs of the schools. Because this organization works primarily with the interscholastic programs of the district, the athletic director will be the immediate staff liaison. It is expected that principals will participate in the activities of the Booster Club where these activities involve their schools' activities.

The organizational format for the Booster Club will be developed cooperatively by the club members, the principal(s) or principal's designee involved. Because the support of such an organization is important to students and their activity programs, the Booster Club is encouraged to offer this support to all activities.
