## **Approval of Handbooks and Directives**

In order that pertinent policies, regulations, school rules and procedures of the Board may be known by all staff members, patrons, students and parents affected, district administrators and principals are granted authority to issue staff and student handbooks.

It is essential that the contents of all handbooks conform with districtwide policies and regulations. It is also important that all handbooks bearing the name of the district or one of its schools be a quality that reflects favorably on the district. The Board, therefore, expects all handbooks to be approved by the superintendent or designee before publication.

The superintendent will use his/her judgment whether specific handbooks need Board approval. All published handbooks will be available to the Board.
