Disposal of District Property

The superintendent may, at any time, declare district property as surplus and authorize its disposal when such property is no longer useful to the district, unsuitable for use, too costly to repair or obsolete. Board approval is required on items estimated to have an aggregate value of \$1,000 or more.

If reasonable attempts to dispose of surplus properties fail to produce a monetary return to the district, the superintendent may dispose of them in another manner, including transfer to another school district, public agency or nonprofit organization.

Library books or textbooks may be distributed to students with the superintendent's prior written approval before disposal.

If the district property was purchased with state, federal or private grant funds disposal of the property shall be made as outlined in the grant or by state or federal regulations.
