## Student Public Performances/Contests

The district shall provide opportunities for public performances of students in those areas where performances are an out-growth of a classroom learning situation or an accepted school-sponsored activity program. Care should be exercised by the schools to protect the students from excessive demands upon their time which might affect their school work.

It shall be the policy of the district that students may participate in contests approved by the Oregon School Activities Association or the Oregon Board of Education. Participation in academic or activities contests sponsored by other school organizations will also be encouraged. Academic or activities contests sponsored by nonschool organizations may be called to the students' attention.
