Use of Feature Films/Videos**

The district recognizes the showing of commercially produced and rated feature films and videos may have a legitimate purpose in a school's educational program. However, since the content of these feature films customarily is designed for general audience viewing, certain precautions should be taken to ensure the showing of a particular media is consistent with the educational values as well as all district policies regarding use of media and applicable copyright laws.

The showing of commercially produced and rated films/videos and other media must have a direct instructional outcome to be assigned as part of any classroom experience and course work.
