## Grading and Reporting System\*\*

Student progress reports will be based on many factors, such as: text assignments, both oral and written; class participation; special assignments; research; activities of various types and kinds; and special contributions.

The district's grading system shall be based on Board adopted course content and is designated to enable the student and parent to clearly know how well the student is achieving course requirements at the student's current grade level, and be based on the student's progress toward becoming proficient in a continuum of knowledge and skills. Absenteeism or misconduct shall not be the sole criterion for the reduction of a student's grades.

Students and parents will be informed regarding the schedule, the basis and the methods to be used in determining progress reports and as appropriate, final grades.
