

Assessment Program**

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of Oregon Administrative Rules. Each year the district shall determine each student's progress toward achieving federal, state and local achievement requirements.

Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Accordingly, the district shall maintain the following assessment program:

1. Criterion-reference assessments, including performance-based assessments, content-based assessments and other valid methods as may be required by state and federal requirements;
2. Assessment of Essential Skills;
3. Individual diagnostic and ability evaluations in all grades when students have been referred and parental permission obtained;
4. Assessments by individual teachers;
5. Optional schoolwide and grade level wide assessments, as recommended by the superintendent and as approved by the Board.

It is the intent of the Board that progress be measured in a manner that clearly enables the student and parents to know whether the student is making progress toward meeting or exceeding academic content standards and Essential Skills. District, school and individual results shall be reported to the Board, parents and the community, as prescribed by law.

The district shall make additional services or alternative educational or public school options available to any student who has not met or has exceeded all of the state-required academic content standards. Additionally, students in schools receiving Title I moneys that have been identified by ODE, will be provided supplemental services and public school options as required by law.

The district shall not discriminate in the methods, practices and materials used for assessment, evaluating and counseling students on the basis of sex, race, national origin, creed, sexual orientation or physical, mental, emotional or learning disability. Discrimination complaints shall be processed in accordance with established procedures.

Staff will receive in-service education in the use of designated assessments and interpretation of assessment results.

A student may opt-out of the Smarter Balanced and/or alternate Oregon Extended Assessments in English language arts and mathematics as provided in state law. The district shall provide the required notice and necessary forms to the student. The district shall provide supervised study time for students who are excused from participating in the assessment. A student may be excused from the Oregon Statewide Assessment Program for disability or religious reasons. Parents and adult students will be provided the required notices that include a time frame in which statewide assessments will take place, and an adult student's or parent's right to request an exemption from taking the statewide summative assessments.

The district shall establish conduct and discipline consequences for student-initiated test impropriety. "Student-initiated test impropriety" means student conduct that is inconsistent with the Test Administration Manual or accompanying guidance; or results in a score that is invalid.

A periodic review and evaluation of the district's testing program will be conducted.
