

Assignment of Students to Schools**

Parents may request that their students attend a school in the district other than the one in their attendance area. Permission to attend that school will be granted under the following provisions:

1. That there is space available in the school in which the student intends to enroll;
2. That the parents will make arrangements for the transportation of the student to that school or to a normal “pick up” point on the transportation route for that school;
3. Such permission to attend another school will be granted for one year at a time. (A student will be allowed to continue to attend the chosen school throughout his/her elementary school years provided there continues to be adequate room to accommodate him/her in that school.)

When a student moves into another attendance area, he/she may remain at the former school. Transportation will be provided by the parent.

A student who becomes a victim of a violent criminal offense, as determined by state law, while in or on the grounds of a school the student attends, or any student attending a district school that is identified by the Oregon Department of Education (ODE) as persistently dangerous, may transfer to a safe district school.

Additionally, as provided by Oregon Revised Statute 329.485, the district may allow a student who has not met or has exceeded all of the academic content standards to attend another district school outside the student’s attendance area.

The district will provide transportation, as provided by Board policy EEA - Student Transportation Services. That obligation will end at the completion of the school year for students transferring from a school identified as persistently dangerous, if the school from which the student has transferred is no longer identified as persistently dangerous.

Notice to parents of their right to request the transfer of their student as provided by this policy will be provided as required by law.

Attendance areas are subject to annual adjustment to balance student enrollment.

END OF POLICY
