## Superintendent

The superintendent is the district's chief executive officer and has, under the Board's direction, leadership and general supervision and management of all district schools, personnel and departments. The superintendent is responsible for managing the schools under the Board's policies and priorities and is accountable to the Board for that management.

The superintendent may delegate to other school personnel any powers and duties imposed upon the superintendent by Board policies or by vote of the Board. Delegation of power or duty, however, will not relieve the superintendent of responsibility for action taken under such delegation.

It is the responsibility of the superintendent to keep the Board informed concerning the welfare and progress of the schools, to provide in a timely manner all special reports and studies and to carry out the decisions of the Board in all faithfulness to the public and its children.

The Board will expect the superintendent to attend all meetings of the Board.
