Revenues from Private, State and Federal Sources

The Board may authorize, accept and use private, state or federal funds available to the district to carry out district educational programs. The district will comply with all regulations and procedures required for receiving and using such funds.

Grant proposals for external funds from private sources will be submitted to the Board for evaluation and approval where applicable. When accepting funding from particular private sources, the purpose and goals of each source shall be reviewed.

The Board directs that each presentation regarding the pursuit of outside funding include the obligations, expectations or encumbrances which will exist when the grant or other outside funding ceases.

In the event an opportunity arises to submit a grant proposal and there is insufficient time to place it before the Board, the superintendent is authorized to use his/her judgment in approving it for submission. The superintendent will review the grant proposal with the Board at its next meeting. The Board reserves the right to reject funds associated with any grant which has been approved.
