## Closed Campus

The safety and security of students and staff is a primary concern. To assist in providing such conditions, the Board directs all schools to operate closed campuses. Closed campus regulations should be developed at each school to ensure a safe environment for students and restrict the entrance and egress of visitors. Such regulations must minimally include the following.

Students are to remain on campus throughout the school day with the following exceptions:

1. A parent has provided permission to leave school for a specific need which meets established criteria;
2. A student has a school-approved work release privilege; and
3. A high school student who meets established criteria may leave the grounds for lunch.

Visitors are required by Board policy to check in at the school office and secure permission to be on campus. Visitors must wear an identification badge which allows staff and students to know the office has approved the visitor's presence on campus. Visitors are required to check-out at the school office upon departure.

Other appropriate security measures are encouraged by the Board to assist in the enforcement of a closed campus policy to provide security and safety to all students and staff.

END OF POLICY
