Visitors to District Facilities**

The Board believes that a better understanding of our educational program and improved relationship between the schools and community can be developed through school and classroom visitations of parents and patrons. Such visitations should be encouraged, arranged and permitted within considerations of the requirements of the educational program, the orderly administration of the school, school grounds and classrooms and the safety and welfare of students.

The district is responsible for the schools' supervision and administration. To ensure that school work is not disrupted and that visitors are properly directed to the areas in which they are interested, all visitors must report to the school office when entering the building and to receive authorization to visit elsewhere in the school. Visitors are also requested to check out through the office when leaving the building.
