Board Member Development

Recognizing the need for continuing in-service training and development for its members, the Board encourages participation of all members at appropriate school board conferences, workshops and conventions. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidance:

1. The superintendent is instructed to inform Board members, in a timely manner, of impending conferences, conventions and workshops. The Board will prioritize in terms of benefits to the Board and the school district;
2. Funds for participation at such meetings will be budgeted. When funds are limited, the Board will designate which of its members would be most appropriate to participate at a given meeting;
3. If authorized to attend, and reimbursement is approved by the Board, Board members will be reimbursed for reasonable and necessary expenses incurred;
4. When a conference, convention or workshop is not attended by the full board, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.
