## **Management Team**

The management team is organized on the premise that the multiple responsibilities of the superintendent can be better served by establishing a means which will permit the ideas of all staff members to be brought to bear on district issues. Although the Board and the superintendent cannot absolve themselves from legally constituted responsibilities, the team provides for a two-way flow of information.

Members of the team will act in an advisory capacity to the superintendent. They will also gather ideas, plan student services, express opinions and interpret district policy to other staff members.

Members of the management team will include the principals in addition to the superintendent.
