## Early Graduation\*\*

The district is in accord with current educational philosophies which make it possible for highly motivated students to complete their high school education in less than the traditional four-year period.

The following procedures should be followed:

1. A student will make application to the counselor;
2. The counselor will involve the student, parents and principal in a conference to discuss the advantages and disadvantages of early graduation;
3. Final approval or disapproval for early graduation will then be made by the principal;
4. Students electing early graduation are entitled to participate in all senior activities and to be named to graduation honor lists.
