Immunizations and Health Examinations**

Proof of immunization must be presented prior to the time of initial enrollment in school or within 30 days of transfer to the district. Proof consists of a signed "Certificate of Immunization Status" form documenting either evidence of immunization or a religious and/or medical exemption.

It is recommended that all students initially enrolling in school have a physical examination. Parents will be asked to complete a district "Health History" form when initially enrolling their students in the district and when registering them for seventh grade.

All students participating in athletic programs are required to have an Oregon "sports examination" or the equivalent no earlier than six months prior to their initial participation in a district athletic program. A student new to the district who wishes to participate in athletics is required to have a physical examination if he/she has not had the required Oregon sports medical examination or its equivalent. A copy of the examination report must be presented to the school prior to practice and competition in athletics.

Student athletes in grades six, seven and eight who have had a physical examination as indicated above are required to have an "Athletic Participation" form filled out each year before they can take part in any athletic practice or contest.
