Student Vehicle Use

All students who drive cars to school are subject to parking and driving rules developed by the principal.

Traffic patterns around the schools, coupled with a shortage of sidewalks for pedestrian traffic makes for a potentially dangerous situation.

Any licensed driver may drive a vehicle onto the school premises under the following conditions:

1. Maximum speed shall be 10 miles per hour on school grounds with slower speeds necessary at times for protection of pedestrian traffic;
2. Motorized vehicles shall drive only on roadways and paths designated by school administrators;
3. Pedestrian traffic shall have the right-of-way at all times;
4. Motor vehicles parked on school premises shall not interfere with school bus loading;
5. Local and state driving laws and other traffic regulations shall be followed;
6. Any person not adhering to the school traffic regulations may lose the privilege of bringing their vehicle on school property.

The district may require all students parking vehicles on district property on a regular basis to show evidence:

1. That the student driving the vehicle holds a valid driver's license;
2. That the vehicle is currently registered;
3. That the student driving is insured under a motor vehicle liability insurance policy or other satisfactory proof of compliance with the financial responsibility requirements of the state.

Parking privileges will be subject to the specific requirements of this policy and any other applicable policy and/or rules of the district.

The district will post appropriate parking signs.
