

Glide School District 12

Code: **EEADA**
Adopted: 3/25/91

Use of School Buses by Community Groups

The Board's general philosophy is that transportation equipment purchased by the school district is to be used primarily for school purposes and that taxpayers will not be expected to subsidize busing equipment or personnel not necessary for school district purposes.

Nevertheless, it is the policy of this Board to make available for use, by appropriate community groups, school transportation equipment to the extent that such use does not impinge upon or impair use for school district purposes.

Nonschool use of school transportation equipment will not include or interfere with:

1. Transportation to, from and between schools;
2. Transportation for school activities and functions;
3. Emergency transportation of students;
4. Time required for maintenance and service;
5. Time necessary to provide stand-by equipment for school purposes.

Regulations and procedures for community use of school transportation equipment will be developed by the administration and approved by the Board.
