

## Temporary School Facilities

Rented facilities, movable units and other emergency school housing may be inadequate for long-term public school purposes. Therefore, the Board's aim is to have sufficient permanent facilities to meet the needs of school enrollment and the school program.

If circumstances require immediate space not available in public school buildings, facilities will be rented or moveable structures used only as a temporary measure. Any such facility must conform to all appropriate federal, state and local building and land use codes, health and fire laws, environmental standards and provisions for accessibility and usability as required by the Americans with Disabilities Act.

END OF POLICY
