Policy Development

The Board shall formulate and develop written policies. The superintendent shall establish administrative procedures in accordance with Board policy.

Board policies are statements which set forth the purposes and prescribe in general terms the organization and program of a district. They create a framework within which the superintendent and his/her staff can discharge their assigned duties with positive direction. They tell what is wanted.

The formulation and adoption of policies, recorded in writing, will constitute the basic method by which the Board will exercise its leadership in the operation of the district.

The policies shall be consistent with Oregon Revised Statutes, Oregon Administrative Rules and all federal laws and regulations.

The basic responsibility for initiating, reviewing and recommending new policies or policy modification will rest with the superintendent; however, new policies or changes in existing policy may be proposed by any Board member, group or organization, staff member, parent, student or other member of the district. The superintendent, in developing these policies, may be guided by the recommendations of the staff and may seek input from component school district staff or district patrons during the preparation and subsequent review of policy statements. Advice from legal counsel may be appropriate.

The superintendent will furnish necessary background information and make all final policy recommendations to the Board.
