Evaluation and Improvement Procedures

Auditing Instructional Programs

An on-going diagnostic program shall be conducted to improve instructional programs. The superintendent shall be responsible for such auditing.

Program Service Evaluation/Program Renewal

The Board shall provide leadership and direction for the development of a program of periodic review of component school district operations. In so doing, the Board and ESD staff will work cooperatively with component school districts in the review process.

The component school district operations to be reviewed shall include accounting, payroll, printing, transportation, legal services, investments, auditing, insurance and student records. Such review shall meet the timelines established by the State Board of Education. Other similar services may also be reviewed at other times as agreed upon by component school districts and the ESD. The ESD and its component school districts may review such operations and services at any other time, as may be mutually agree.

The superintendent may submit plans to component school districts with recommendations for program economies and efficiencies as may be identified.

The results of the review and plans shall be summarized and reported to the State Board of Education as part of the district's annual report no later than June 30 of each year.
