Instructional Resources/Instructional Materials

The Board believes that proper care and judgment should be exercised in selecting basic instructional materials for student use. While the Board retains the authority to approve ESD basic instructional materials adoptions, it authorizes the superintendent to develop and implement procedures governing how selections are determined. Such procedures will employ suitable selection criteria to ensure that the recommended instructional materials:

1. Display fairness in their portrayal of people;
2. Contain appropriate readability levels;
3. Show consistency with the ESD's adopted curriculum content;
4. Provide for ease of teacher use;
5. Are durable;
6. Can be purchased at reasonable cost;
7. Do not discriminate on the basis of race, national origin, religion, sex, sexual orientation or sexual bias, age, disability or marital status.

The ESD will establish a process and timeline for regularly determining and considering whether the textbooks and other instructional materials are available through online resources that enable students with print disabilities to receive textbooks and instructional materials free of charge.
