Board Policy Review

In an effort to keep its written policies up-to-date so they may be used consistently as a basis for Board action and administrative decision, the Board will continually review its policies.

The Board will evaluate how policies have been executed by district staff and will weigh the results. It will rely on the district staff, students and community to provide evidence of the adopted policies' effects.

The superintendent is given the continuing commission of calling to the Board's attention all policies that are out-of-date or appear to need revision for other reasons.
