Board-Staff Communications

The Board desires to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the district superintendent.

Staff Communications to the Board

All formal communications or reports to the Board or any Board committee from principals, teachers or other staff members will be submitted through the superintendent. This procedure will not be construed as denying the right of any employee to appeal to the Board from administrative decisions on important matters, provided that the superintendent has been notified of the forthcoming appeal and that it is processed in accordance with Board policy GBM - Staff Complaints. Staff members are also reminded that Board meetings are public meetings. As such, they provide an excellent opportunity to observe at first-hand the Board's deliberations on matters of staff concern.

Board Communications to Staff

All official communications, policies and directives of staff interest and concern will be communicated to staff members through the superintendent. The superintendent will employ appropriate communication to keep staff fully informed of the Board's priorities, concerns and actions.

Visits to Schools

Individual Board members interested in visiting schools or classrooms will inform the superintendent of such visits and make arrangements for visitations through the principals of the various schools. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Board members will be carried on only under Board authorization and with the full knowledge of staff, including the superintendent, principals and other supervisors.
