

# Grants Pass School District 7

Code: **DD**  
Adopted: 6/14/88  
Revised/Readopted: 2/24/04  
Orig. Code(s): DD, DFC

## Funding Proposals and Applications

The Board has as its primary mission the education of district students according to adopted goals and objectives. To this end, all legal and worthwhile financial resources, will be pursued.

Grants-in-aid are sometimes available from the federal or state government or private sources. The district will pursue only those grants that will help the district meet adopted goals and objectives of the curriculum or create facilities or purchase equipment that will help meet district goals and objectives.

The Board is wary of those grants which cause a program to begin, but later leave the cost to be assumed by the district. Every presentation to the Board regarding pursuit of outside funding must include what obligations, expectations or encumbrances will exist when the grant ceases.

The Board will tend to look with favor upon such requests for grants that meet the criteria above, have the recommendations of the superintendent and are explained fully before the grant is requested.

Grant proposals for external funds from private sources will be submitted to the Board for evaluation and approval.

In the event an opportunity arises to submit a grant proposal and there is insufficient time to place it before the Board, the superintendent is authorized to use his/her judgment in approving it for submission. The superintendent will review the grant proposal with the Board at its next regular Board meeting.

The Board reserves the right to reject funds associated with any grant which has been approved.

END OF POLICY
