## First Aid\*\*

In cases of sudden illness or injury to a student or staff member, first aid will be given by school staff. Further medical attention to students is the responsibility of the parents, or of someone the parents designate in case of emergency.

Each principal is charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

In each school, procedures for handling health emergencies will be established and made known to the staff. Each school and school vehicle will be equipped with appropriate first-aid supplies and equipment.

All employees are expected to know where first-aid supplies and equipment are kept in their work areas. Certain employees may be required to hold current first-aid cards.

District principals will make every effort to have complete information in a student's personal record which will include an alternate to be notified and also the name of the family health-care provider.
