Naming New Facilities

New school buildings shall be named using the following criteria:

1. By location;
2. For individual persons who have been outstanding in educational endeavors or who have worked for better schools and educational programs in the community and/or in the state; or
3. For prominent persons in our state's or nation's history.

Any person considered, based on his/her promotion of education, shall be retired from active participation in educational activities. Likewise, it is the intent of this policy that, should a facility be named for an individual person not yet deceased, careful consideration be given to the assurance that the individual's character, integrity and reputation will endure throughout that person's lifetime so as to always represent the facility and the district in the most respectable manner.

The Board chairman shall appoint an ad hoc committee with representation from the Board, staff and the community which shall then make a recommendation to the Board for naming the new facility. The Board shall make the final decision on the name, preferably on or before the bid is let for construction of the building.
