Academic Achievement**

The Board feels it is important that teachers have as much and as accurate knowledge of student achievement as possible in order to assess students' needs and growth; thus, a sharing of information among parent, teacher and student is essential.

The district shall ensure that all students have the opportunity to demonstrate progress toward becoming proficient in the knowledge and skills of the student's current grad level. Students who have not yet met or who exceed all of the standards at any grade level, will be offered additional services or alternative public education.

The Board directs staff to follow these guidelines in measuring and reporting student progress:

1. Parents will be informed regularly, of their student's progress in school;
2. Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration. The administration may elect to utilize formal parent conferences in lieu of, or in addition to, other forms of progress reporting;
3. The district will assure that a student's academic grade reflects his/her academic achievement in that course. Absenteeism or misconduct shall not be the sole criterion for the reduction of a student's grade;
4. At comparable levels, the school system will strive for consistency in grading and reporting except as this consistency is inappropriate for certain classes or certain students;
5. When no grades are given but the student is evaluated informally in terms of his/her own progress, the school staff also will provide a realistic appraisal of the student's standing in relation to his/her peers;
6. When grades are given, the school staff will take particular care to explain the meaning of marks and symbols to parents.
