Admission of Resident Students

Students between the ages of five and 19 shall be considered residents for school purposes in the school district in which their parents or person in parental relationship to them reside. Persons living temporarily in the district for the primary purpose of attending a district school shall not be considered legally resident of the district in which they are living temporarily, but shall be considered resident in the district in which their parents or persons in parental relationship to them maintain residency.

Resident students who turn 19 years of age during the school year shall be eligible to continue for the remainder of the school year. Residents over age 19 who have not graduated with a diploma may be admitted with the approval of the superintendent and upon payment of tuition at the rate established by the Board.

The district may admit otherwise eligible students who have not yet attained 21 years of age, or received a regular high school diploma, if they are receiving special education services.

Students with disabilities voluntarily placed outside the home by their parent or guardian may continue to attend the school the student was attending prior to the placement as a district resident when the student's parent or guardian and school staff can demonstrate it is in the student's best interest.

The district may deny regular school admission to students who have become residents and who are under expulsion from another school district for reasons other than a weapons policy violation.

The district will deny, for at least one calendar year from the date of the expulsion, regular school admission to students who have become residents and who are under expulsion from another school district for a weapons policy violation.

The district may choose not to provide alternative programs of instruction to students expelled for a weapons policy violation.
