

Grants Pass School District 7

Code: **JECB-AR**
Revised/Reviewed: 7/12/94; 2/24/04; 4/24/12
Orig. Code(s): JECB-AR

Nonresident Student Procedures

The guidelines for determining tuition charges will be as follows:

1. Any student who is not a regular resident of the district, or who is not under the legal guardianship of a resident of the district and is residing in the district, or who is not a resident in a home that has been assigned by the courts within the district, or who has not been legally adopted by a resident of the district, or has not been approved to attend the district in accordance with policy JECB, shall pay tuition charges;
2. No tuition offsets or credits will be allowed any parent by virtue of property ownership and tax payments made within the district;
3. The enrollment of all nonresident students must be approved by the superintendent and his/her designee prior to registration.

Board policy allows students residing in adjacent school districts to request a transfer to district schools subject to considerations listed in policy JECB.

Operating Procedures

1. The request for an interdistrict transfer begins with the parent/guardian (petitioner) completing an Interdistrict Transfer Request form. The request form must be submitted in person and be accompanied by a letter with appropriate documentation explaining the specific reason(s) for the request. Requests should be signed by the petitioner.
2. The superintendent (or designee) will review the Interdistrict Transfer Request to determine whether it meets district guidelines.
3. The resident district will notify the petitioner if their Interdistrict Transfer Request is denied.
4. An Interdistrict Transfer Request, approved by the resident district, will be forwarded to the receiving district for their approval or nonapproval. The receiving superintendent (or designee) will grant approval or nonapproval in accordance with the receiving district's guidelines.
5. The petitioner will receive notice of approval or nonapproval from the receiving district. The receiving district will provide copies to the petitioner, the receiving school building and the resident school district superintendent (or designee).

6. Approval of a request for one student in a family will not automatically carry over to other students in the same family, although parents/guardians may request that students from the same family be considered together. If this request is made, a separate application must be completed for each student.
7. Athletic eligibility of a student who transfers shall be subject to compliance with Oregon School Activities Association (OSAA) rules and policies.
