## **Student Involvement in Decision Making**

The Board believes that the students are the most important component of the school community and in fact our only reason for existence as a school district. Their importance in this enterprise calls for special attention in the attempt to maintain effective communications. To this end, there is created a position for one student representative to the Board.

The student representative to the Board will be invited to participate in discussions of appropriate items and may be requested by the Board to provide specific information on a particular item under consideration.
