Code: **IFCA**
Adopted: 4/17/97
Readopted: 4/14/09; 10/17/16
Orig. Code(s): IFCA

21st Century Schools Councils

The district(s) shall have school councils at each school.

Membership shall include the following: teachers, classified personnel, principal or designee and parents or guardians of students.

The overall purpose of shared decision making is to enhance student achievement through both improvement of the instructional program and delivery of support services.

Shared decision making is part of site-based decision making. It is a process, not an end in itself. Site-based decision making provides an opportunity for members of a school community to collaborate, where appropriate, in solving problems, defining goals and shaping direction for an individual school or unit.

The district(s) encourages the collaborative work of shared decision making. The 21st Century Schools Councils and/or district site committees are supported.
