Cocurricular/Extracurricular Activities

It is the philosophy of the district that cocurricular/extracurricular activities are a privilege for its students, not a right. During these activities the head coach or person-in-charge is in control of the participants and equipment. Decisions made by the coaches or person-in-charge will be supported if the decision agrees with Board policy.

Students participating in “out of town” activities shall travel to and from the activity by transportation provided by the district. Exceptions are:

1. The student has an office and parent approved reason to follow the bus in their car from school to a designated place to which they will return on school provided transportation. (No more than two students per car.);
2. The student has an office and parent approved note to be given to the coach/chaperone which allows the student to use other transportation on the return trip;
3. The student and parent inform the coach/chaperone at the event that the student is returning home with the parents;
4. All notes must be approved in the office;
5. Students may travel to local activities in their own vehicle with office and parent approval.

Students are required to furnish their own meals while participating in extracurricular activities.
