Helix School District Goals

In order to respond to the changing needs of our students, the Helix School District adopts the following goals:

1. Students will have the opportunity to develop the skills necessary for achieving fulfillment as a self-directed person.
2. Students will have the opportunity to acquire the knowledge necessary for achieving and maintaining physical and mental health and to develop the capacity for coping with change through an understanding of the arts, humanities, scientific processes, and the principals involved in making moral and ethical choices.
3. Students will have the opportunity to develop the basic skills of reading, writing, mathematics, spelling, speaking, listening, problem-solving and technology.
4. The student will work toward becoming a life-long learner.
5. Students will learn about the variety of occupations available in our society.
6. The student will gain knowledge of the dignity and value of work as well as the mutual responsibilities of employees and employers.
7. The student will become familiar with his/her personal talents and interests to help guide them in making appropriate career choices, and to develop career skills.
8. Students will be encouraged to act in a responsible manner.
9. Students will have the opportunity to learn of the rights and responsibilities of citizens of the community, state, nation, and the world; and to learn to understand, respect and interact with people of different cultures, generations and races.
10. Students will have the opportunity to acquire knowledge and to develop skills in the management of personal resources necessary for meeting obligations to self, family, and society.
11. Students will have the opportunity to learn of the rights and responsibilities of family members, and to acquire the skills and knowledge to strengthen and enjoy family life.
