

Helix School District 1R

Code: **BAA-AR**
Adopted: 11/4/98
Orig. Code(s): None

Americans with Disabilities Act

In compliance with the Americans with Disabilities Act, the following procedures shall be followed:

Compliance Officer

The superintendent/principal shall be designated as the district's ADA compliance officer. The compliance officer will:

Coordinate the district's ADA responsibilities and compliance efforts; Make available to all interested individuals tile name, office address and telephone number of the district ADA compliance officer; Investigate any complaint alleging noncompliance or actions prohibited under the ADA; Administer the district's ADA grievance procedure to provide for the prompt investigation and equitable resolution of complaints.

Self Evaluation

A self-evaluation* study shall be completed by January 26, 1993 to include: An evaluation of all current Board policies and practices to ensure district compliance with the requirements of the ADA; A description of areas examined and identification of any barriers to accessibility and usability by qualified individuals with disabilities; An opportunity for interested persons, including individuals with disabilities or organizations representing individuals with disabilities to participate in the self-evaluation study by submitting comments; A plan(s) for the removal of any identified barrier and/or modification of Board policies and practices necessary to ensure ADA compliance; a description of any modification made.

Self-evaluation records will be maintained and available for public inspection for at least three years. The records will include a list of interested persons consulted, a description of the areas examined and the problems identified and a description of any modifications made.

Transition Plan

A transition plan* shall be developed by July 26, 1992 to address any structural changes required to achieve employment practices, services, programs and activities accessibility to include: An opportunity for interested persons, including individuals with disabilities or organizations representing individuals with disabilities to participate in the development of the transition plan by submitting comments;

An identification of physical obstacles in facilities that limit accessibility to individuals with disabilities;

A description in detail of the methods that will be used in removing barriers and making facilities accessible and/or steps and schedule necessary to complete the identified changes; An identification of the official responsible for implementation of the plan; An identification of steps that will be taken during each

year of the transition period if longer than one year. Structural changes required will be made as expeditiously as possible, but, in any event no later than January 26, 1995.

Services, Programs, Activities Accessibility

All district services, programs and activities shall be readily accessible to and usable by individuals with disabilities. In order to achieve accessibility, structural and non-structural methods such as the acquisition or redesign of equipment, assignment of aides to beneficiaries and the provision of services at alternate accessible sites will be considered final decision of an appropriate method of providing program accessibility will be determined by the district in accordance with the provisions of the ADA: Physical changes to an existing building, acquisition or construction of additional facilities will be required only when there is no other feasible way to make tile services, programs or activities accessible; Priority will be given to the method that results in the most integrated setting to encourage interaction among all users of the services, program or activities, including individuals with disabilities; No action will be taken that would fundamentally alter the services, programs or activities or result in undue financial or administrative burden to the district. Any such determination will take place as follows: The decision will be made by the superintendent or his/her designee; All resources available for use in the funding and operation of the services, programs or activities will be considered; A written statement of the reasons for recalling such decision will be maintained on file; The district will take other action appropriate to ensure that individuals with disabilities receive the benefits of such services, programs and activities that would not result in such alteration or burden as determined by the district.

Position Descriptions

Position descriptions shall be maintained and provided in oral written and/or videotaped form, reviewed and revised annually as needed to include: All essential job functions. Essential job functions are those job duties that include, but are not limited to, the following: The function is essential because the reason the position exists is to perform that function; The function is essential because of the limited number of employees available among whom the performance of that job function can be distributed; The function is so specialized that the incumbent is hired for his/her expertise or ability to perform the particular function. Physical, mental and emotional skills for each position as appropriate, and only to the extent such skills are in fact required and in practice; Vocational and/or educational preparation requirements; attendance standards; A statement that new position descriptions supersede prior descriptions for the position. All past and present position descriptions that do not reflect current requirements of the position are rescinded; A statement on position descriptions, "I have read this position description and agree with its contents."; A provision for current employee signature and the date the position description was signed

Job Posting

Job postings shall be reviewed to ensure:

All postings contain appropriate notice of the district's responsibilities under the ADA For example: "The Helix School District, in support of employment practices free of barriers to individuals with disabilities and in compliance with the Americans with Disabilities Act of 1990, provides reasonable accommodations necessary upon request and appropriate notice. For further information or assistance, contact the superintendent/principal at (541) 457-2175. Speech/Hearing impaired persons may reach the district through the Oregon Telecommunications Relay Service by dialing 1-800-735-2900."

OR

Reasonable accommodations for the application and interview process will be provided upon request and as required in accordance with the Americans with Disabilities Act of 1990. Individuals with disabilities may contact the superintendent/principal at (541) 457-2175 for additional information or assistance. Speech/Hearing impaired persons may contact the district for assistance through the Oregon Telecommunication Relay Service at 1-800-735-2900.

All postings eliminate any discriminatory references; all job advertisements provide, in addition to a telephone number to which applicants may apply for additional information an address and/or TDD (telecommunications device for the deaf) or Oregon Telecommunication Relay Service phone number for the hearing impaired.

Job Application Forms

Job application forms shall be reviewed and revised as appropriate to include: Notice of the district's responsibilities under the ADA (see job posting notice); A statement asking applicant whether he/she requires any reasonable accommodation to complete any tests given as a part of the interview process (i.e., a reader for a person who is visually impaired). For example:

“You are not required to disclose information about physical or mental limitations that you believe will not interfere with your ability to do the job. If, however, you want the employer to consider special arrangements to accommodate a physical or mental impairment, you may identify that impairment in the space provided and suggest the kind of accommodation which you believe would be appropriate;” for the hiring process. The hiring process may include, for example, an interview, a timed written test or job demonstration;

A request for applicant to provide documentation verifying the need for a reasonable accommodation if deemed necessary by the district; The elimination of any health questions such as:

Have you ever had or been treated for all of the following conditions or diseases (followed by a checklist)?

Please list any conditions or diseases for which you have been treated in the past three years.

Have you ever been hospitalized? If so, for what condition?

Have you ever been treated by a psychiatrist or a psychologist? If so, for what condition?

Have you ever been treated for any mental or emotional condition?

Is there any health-related reason that may prevent you from performing the job for which you are applying?

Have you had a major illness in the past five years?

How many days were you absent from work last year because of illness?

Do you have any physical defects which prevent you from performing certain kinds of work? If yes, describe such defects and specific work limitations.

Do you have any disabilities or impairments which may affect your performance in the position for which you are applying?

Are you taking any prescribed drugs?

Have you ever been treated for drug addiction or alcoholism?

Have you ever filed for workers' compensation benefits or had a work-related injury?

Job Interview Procedures

- A. Job interview procedures shall be reviewed to ensure: Physical and/or other barriers in the interview setting have been eliminated. The availability of accessible locations and accessible formats, such as a reader, Braille, audio recordings, written materials, sign language and interpreters for individuals with vision and hearing impairments and personal assistance for individuals with manual impairments have been considered as appropriate;
- B. Questions relating to the health of the applicant, the applicant's disabilities and work-related, injuries and benefits have been eliminated.
- C. Applicant's previous work history will be ascertained without reference to the applicant's disability. The specifics of prior job functions and the applicant's ability to perform those specific functions may be discussed;
- D. Requirements that an applicant describe or demonstrate how he/she would perform any or all job functions are required for all applicants in that job category. A particular applicant may be asked to describe or demonstrate how he/she would perform the job only when the district reasonably believes the applicant will not be able to perform a job function because of a known disability. The applicant's disability would be "known" either because it is obvious or because the applicant has voluntarily disclosed that he/she has a hidden disability;
- E. Questions related to the applicant's need to leave work to receive treatment or how often leave may be necessary as a result of a disability have been eliminated. However, regular work hours, leave policies and attendance requirements may be explained and applicant asked if he/she will be able to meet those requirements. The district may ask about an applicant's prior attendance record (for example, how many days the applicant was absent from his/her last job). The district may also ask questions designed to detect whether an applicant abused his/her leave (for example, "How many Mondays or Fridays were you absent last year on leave other than approved vacation leave?") At the pre-offer stage, the district may not ask how many days an applicant was sick;
- F. Questions relating to applicant's current illegal use of drugs are not likely to elicit information about an applicant's lawful drug use, unless the district administers a test for illegal use of drugs and the applicant tests positive for illegal drug use. In such cases, the district may validate the test results by asking about lawful drug use or possible explanations for the positive result other than the illegal use of drugs;
- G. Questions relating to an applicant's prior illegal drug use are not likely to elicit information about a disability. The district may ask, for example, whether the applicant has ever used illegal drugs, when was the last time he/she used illegal drugs or if he/she has used illegal drugs in tile last six months. The district will not ask questions about whether the applicant was a past drug addict. These questions are impermissible at the pre-offer stage;
- H. Questions relating to an applicant's drinking habits are not likely to elicit information related to how much alcohol an applicant drinks or whether he/she has participated in an alcohol rehabilitation program. The district may ask, for example, whether the applicant drinks alcohol or whether he/she has been arrested for drinking under the influence;

- I. Questions relating to an applicant's arrest or conviction record have been included;
- J. Selection and administration of employment tests will take place in a manner that leads to test results that accurately reflect the skills, aptitudes and whatever factors the tests purport to measure, rather than the impaired sensory, manual or speaking skills of the test subjects. Performance of any non-essential skills during any testing will not be allowed;
- K. Physical agility/physical fitness tests if required, will be specifically job related and administered to all applicants in a job category selected for interviews;
- L. Applicant provides medical certification that he/she can safely perform a physical agility or physical fitness test when required by the district;
- M. Applicant assumes responsibility and releases the district of liability for injuries incurred in performing physical agility/physical fitness test required by the district; applicant requests for reasonable accommodations in testing will be allowed for qualified individuals with a disability: Tests or exercises will be postponed as needed so that a reasonable accommodation can be provided; Modified tests or exercises will be provided unless such accommodation would change the measurement of the essential job function being tested (i.e., provide reader to assist with written test unless ability to read is essential job skill);
- O. Drug screening tests, if required, will be administered to all applicants in a job category selected for interviews; Pre-employment offer medical examinations shall not be conducted.

Reference Check Procedures

Reference check procedures shall be reviewed to ensure: Reference checks will be conducted on all applicants in a job category who meet the job requirements and are selected for interviews. Careful and complete notes will be taken and maintained. District officials conducting reference checks: Before taking a conditional offer of employment, may not ask previous employers or other sources about an applicant's: disability; illness; Workers' Compensation history; other questions that the district itself may not ask of the applicant. May ask a previous employer or other sources about the applicant's: job functions and tasks performed; the quality and quantity of work performed; how the job functions were performed; other job related issues that do not relate to disability.

Job Offers

The process for all job offers shall be reviewed to ensure: job offers will be made to the most qualified applicant who with or without a reasonable accommodation can perform the essential functions of the job. The district will adhere to the following job offer procedures: The successful applicant will be informed of medical examination and/or medical history requirements after an offer of employment has been made and before the applicant begins his/her employment duties. All entering employees in the same job category will be subjected to such medical examination and/or medical history requirements. An individual's Workers' Compensation history will be included in all such medical history inquiries; the successful applicant will be informed that the job offer may be contingent upon disability-related questions, medical examination and/or medical history inquiries; a completed medical history form and release for medical records with the successful applicant's signature and date may be required; information obtained

from medical examinations and/or medical history inquiries may be used for such purposes as: The verification of employment history; to screen out applicants with a history of fraudulent Workers' Compensation claims; to provide information to state officials as required by state laws regulating Workers' Compensation and "second injury" funds; to screen out individuals who would pose a direct threat to the health and safety of self or others in the workplace which could not be reduced to an acceptable level or eliminated by a reasonable accommodation; reasonable accommodations will be provided if the medical examination or medical history inquiry discloses the successful applicant is a qualified individual with a disability as defined by the ADA. Reasonable accommodations will be provided by the district if such accommodation would enable the individual with a disability to perform the essential functions of the job or otherwise meet eligibility requirements. The reasonable accommodation will be established by the district. In determining the appropriate reasonable accommodation the district will: Determine the essential functions of the job; consult with the individual who has the disability to determine his/her precise limitations and how they may be overcome; identify, with assistance of the individual with the disability, potential reasonable accommodations and assess their effectiveness; consider the preference of the individual with the disability, and then implement the reasonable accommodation that is most appropriate for the employee and the employer. (In order to be reasonable, an accommodation must be effective. It is not required that the best accommodation be selected as long as the selected accommodation provides an equal opportunity to perform the job.); Reasonable accommodations considered may include: job restructuring; modified work schedules; job reassignment; making existing facilities used by employees accessible to and usable by individuals with disabilities; acquisitions and/or modification of work policies including:

Qualified interpreters, note takers, transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDD's), videotext displays or other effective methods of making aurally delivered materials available to individuals with hearing impairments; Qualified readers, taped texts, audio recordings, Brailled materials, large print materials or other effective methods of making visually delivered materials available to individuals with visual impairments;

Acquisition or modification of equipment or devices; other similar services and actions for individuals with hearing, visual and/or manual impairments. A determination will be made whether an accommodation is reasonable or an undue burden by considering: Nature and cost of accommodation; Overall financial resources of facility, number of persons employed; impact on operation of facility; effect on expenses and resources; type of operation.

Composition and functions of workforce, geographic separation, fiscal or administrative relationship of facilities. The successful applicant who has been offered employment contingent on medical explanation results and/or medical history inquiries will be rejected if the medical condition poses a direct threat to the health or safety of self or others in the workplace. The district shall consider whether the risk can be eliminated or reduced by a reasonable accommodation by considering the following: the nature and severity of the potential harm to applicant or others in the workplace; the likelihood that the potential harm will occur; specific risk is identified and documented; risk is current and not speculative or remote assessment of risk is based on objective medical or factual evidence; medical condition is a direct threat. Should an offer of employment be withdrawn because of medical examination or medical history inquiry results, the exclusionary criteria must be job related and consistent with business necessity;

Documentation will also include any determination that no reasonable accommodation was available that would enable the individual to perform the essential job functions or that accommodation would impose an undue hardship on the district; medical information will be kept confidential: Medical information must not be maintained in personnel file;

Medical information will be released only to those with “need to know” and/or “need to reach in emergency situations” (i.e, immediate supervisors, etc.); medical information records will be maintained a minimum of one year.

Public Notice, Communications

Notice of the district's compliance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 shall be displayed at each district facility and provided as necessary, in appropriate accessible formats to applicants, participants, beneficiaries, professional organizations and other interested persons to include: Pertinent provisions, duties and requirements of the ADA and its applicability to the district's employment practices, services, programs and activities, including the duty to reasonably accommodate upon request and with advance notice. In its effort to provide communications with individuals with disabilities that are as effective as communications with others, the district will also provide the following: Individual to contact for services or questions, including office location and phone number; Notice of Equal Employment Opportunity Commission (EEOC) requirements displayed in conspicuous places for all job applicants and employees; Signage displayed at all inaccessible entrances to each of the district's facilities directing users to accessible entrances or to location at which information can be obtained about accessible facilities; Signage displayed at all accessible entrances to the district's facilities. The international symbol for accessibility shall be used; Appropriate auxiliary aids and services that may include: qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, telecommunications devices for deaf persons (TDD's), videotext displays and/or exchange of written notes for individuals with hearing impairments; TDD's, computer terminals and/or communications boards for individuals with speech impairments; qualified readers, taped texts, audio recordings, Brailled materials, large print materials and assistance in locating items for individuals with vision impairments; telephone accessibility to enable individuals to seek immediate assistance from police, fire, ambulance and other emergency services; other equally effective communications devices, services and actions;

Consultation with the individual with a disability to determine the most appropriate auxiliary aid or service. Priority will be given to the auxiliary aid or service that results in the most integrated setting to encourage interaction among all users, including those with disabilities. Primary consideration will be given to the expressed request of the individual with a disability. The district may select. an alternative auxiliary aid or service should it determine that another equally effective means of communication is available or that the means chosen by the individual with a disability would result in a fundamental alteration in the services, programs or activities or in undue financial and administrative burden to the district; training to employees as needed on the acceptance and handling of telephone relay services for individuals with disabilities.

New Construction/Alterations

All facilities designed, constructed or altered after January 26, 1992 shall be readily accessible and usable

by individuals with disabilities. The district will ensure: Alterations to existing facilities will take place in a manner that results in the altered portion of the facility being readily accessible to persons with disabilities. Alterations must not decrease accessibility. Alterations deemed necessary to the length of travel in existing facilities requiring extensive restructuring or burdensome expense will be made in a timely fashion. Priority will be given to the following (in order): Entrances and routes to the altered area; one accessible restroom; Accessible drinking fountains; additional, accessible parking. Appropriate requirements of either the Uniform Federal Accessibility Standards (UFAS) or Americans with Disabilities Act Accessibility Guidelines (ADAAG) will be met, including accessibility requirements related to work areas, parking, signs, entrances, water fountains, storage and shelves, telephones, assembly areas, bathrooms, detectable warnings, carpet and carpet tile, curb ramps and visual alarms.

Post Hires/Current Employees

All post hire and current employee Board policies and practices shall be reviewed to ensure: Medical examinations and/or medical history inquiries required by the district will be job related and consistent with business necessity. This will not prohibit the district from requiring proof of illness to substantiate a request for sick leave. Medical examinations and/or medical history inquiries may be administered by the district when: An employee is having difficulty performing his/her job effectively. The medical examination may be necessary to determine if the employee can perform essential job functions with or without a reasonable accommodation;

An employee becomes disabled, an employee injured on or off the job, who becomes ill or otherwise suffers any other condition that meets the requirements of a disability as defined by the ADA is protected by the Act if he/she can perform the essential functions of the job with or without a reasonable accommodation. Such an examination or inquiry may also be required when the employee wishes to return to work after an illness or injury.

The district will:

Determine if the employee meets the ADA definition of an individual with a disability if a reasonable accommodation has been requested; Determine if the employee can perform the essential functions of the job currently held (or held before the injury or illness), with or without reasonable accommodation, and without posing a direct threat to the health or safety of self or others which could not be reduced or eliminated by a reasonable accommodation; Identify an effective accommodation that would enable the employee to perform the essential job functions in the current (previous) job or in a vacant job for which the person is qualified with or without a reasonable accommodation; An employee requests a reasonable accommodation on the basis of disability.

Administered as part of a voluntary employee "wellness" and health screening program. Procedures for reporting and investigating employee on the job injury or illness will be implemented. The district will: require employees complete Workers' Compensation form;

Investigate, as necessary, documenting circumstances that led to injury and review all employee work related injury or illness on a case by case basis.

Procedures for communicating with health care providers regarding employees off-work due to any injury or illness will be implemented. The district, as necessary, and at its discretion will:

Provide health care provider with detailed description of regular job activities, physical movement, duration of physical exertions and job description;

Write detailed questions for the health care provider to answer that may assist the district in determining any reasonable accommodation that may be necessary;

Ask for employee written release authorizing district representative to consult with the employee's own health care provider.

Procedures for employees not able to perform essential job functions completely after illness or injury will be implemented. The district will:

Determine whether temporary light duty assignment is possible. In accordance with the ADA, the district is not required to create a "light duty" position unless the "heavy duty" tasks an injured employee can no longer perform are marginal job functions which may be reallocated to co-workers as part of a reasonable accommodation;

Determine whether job can be restructured, shifting or trading duties with other workers. Job restructuring as a reasonable accommodation may involve reallocating or redistributing the marginal functions of the job. Marginal functions of a job that cannot be performed by an individual with a disability, may be exchanged for marginal job functions performed by one or more other employees. The district is not required to reallocate essential functions of a job as a reasonable accommodation;

Determine whether a modified work schedule may be selected as a reasonable accommodation unless modifications would cause an undue hardship;

Gather information from employee, health care provider(s), consultants, etc. as to needed modifications in policies, facilities, equipment, special aids and services that may be provided as a reasonable accommodation;

Document all district efforts to provide reasonable accommodations. Qualified individuals with a disability not fully recovered from injury will not be returned to work when:

The employee cannot perform the essential functions of the job he/she holds or desires with or without a reasonable accommodation;

Determine if the employee to work would pose a significant risk of substantial harm to self or others in the workplace and that could not be reduced to an acceptable level with a reasonable accommodation;

The return of the employee to a light duty position involves a totally different job from the job that the employee performed before the injury. A vacant light duty position already available for which an injured employee is qualified may be a reasonable accommodation; It is demonstrated that the accommodation will cause an undue hardship or result in excessive financial and administrative burden as defined by the ADA, and as evidenced by the district.

Unpaid leaves will be provided to qualified individuals with a disability when a reasonable accommodation cannot be made in the employee's current job. The district will comply with all Workers' Compensation reinstatement rights to available and suitable employment.

Leave of absence or attendance policies will not discriminate against qualified individuals with disabilities. Uniformly applied leave policies are not subject to challenge because they have a more severe effect on individuals due to their disability. "No leave" policies, such as those forbidding leave during the first six months of employment are also not subject to challenge because they may have a more severe impact upon individuals with disabilities. An employer with a "no-leave" policy, however, may have to consider providing leave as a reasonable accommodation unless doing so would impose an undue hardship on its

operation. The district will not provide additional paid leave, but accommodations may include leave flexibility and unpaid leave;

Drug and alcohol policies will meet the requirements of the ADA. Policies ,reinstate: Illegal use of drugs and the use of alcohol at the workplace is prohibited by all employees;

Employees will be required to behave in conformance with the requirements of the Drug-Free Workplace Act of 1988; Employees who engage in the illegal use of drugs or alcohol will be held to the same qualification standards for employment or job performance and behavior to which all other employees are held, even if unsatisfactory performance or behavior is related to employee's drug use or alcoholism; Employees taking drugs under the supervision of licensed health care professionals will be protected by the provisions of the ADA;

Employees who are no longer illegally using drugs and who have been either rehabilitated successfully or are in the process of completing a rehabilitation program will be protected by the provisions of the ADA (i.e., in-patient or out- patient programs, employee assistance programs, professionally recognized self-help programs, such as Narcotics Anonymous, or other programs that provide professional assistance and counseling for individuals).

Health, life insurance, pension plans and other benefit plans offered by the district will not discriminate against qualified individuals with a disability (The ADA does not affect pre-existing condition clauses ill health insurance plans as long as the clauses are not used as a means to avoid complying with the ADA, and such clauses do not require that additional coverage be purchased to cover expenses related to a disability). Employees will not be denied coverage for illness or injuries unrelated to the pre-existing condition; Contractual or other business arrangements and relationships entered into by the district will not discriminate against qualified individuals with a disability. The district will:
Not do indirectly what it is prohibited by the ADA from doing directly; Provide reasonable accommodations to enable access by employees with disabilities to training programs provided by the district and/or third parties.
