The Helix School Board delegates to the superintendent/principal the function of specifying required actions and designing detailed arrangements under which the district will be operated in accordance with Board policy. These arrangements constitute the administrative regulations governing the district.

In the development of administrative regulations, the superintendent/principal will involve at the planning stage those who would be primarily affected by them; for example, staff members, students, parents, the public. The superintendent evaluates and considers the counsel given by representatives of staff, student, and community organizations and will inform the Board of such counsel in presenting administrative regulations for Board review.
