Naming New Facilities

The general policy is to name schools for the geographic areas they serve. However, the persons who have attained prominence locally and nationally, or early pioneers may be considered.

The general procedure for selecting a school name shall be as follows:

1. The Helix School Board shall appoint a committee of two citizens from the immediate community served by the particular school; one representative from the teachers' group, one representative from the classified employees' group, one Board member and one student.
2. The appointed committee will seek community input for name proposals and present a list of three to five names to the superintendent/principal, who will forward them to the Helix School Board;
3. The Helix School Board shall then make the final name selection from the list the committee submitted.
