

Helix School District 1R

Code: **IGA**
Adopted: 1/8/97
Orig. Code(s): None

Basic instructional Program

The basic instructional program for the Helix School District #1-R is defined by the state approved “Essential Learning Skills,” “Common Curriculum Goals,” and the “Curriculum Content Framework.”

Common Curriculum Goals include the essential learning skills noted above plus common knowledge and skills in instructional programs adopted by the State Board of Education.

Subjects and courses offered by the Helix School District #1-R in grades K-12 shall be those required by state mandate. The Common Curriculum Goals of the state will drive the content of these subjects and courses and the curriculum will stress mastery of the Essential Learning Skills within each subject and course offering.

Staff is encouraged to expand the districts' basic instructional program beyond the parameters of the state mandate whenever financial and human resources will support local enhancements.
