

Student Vehicle Use

Traffic control regulations are necessary because of insufficient parking and dangerous traffic patterns. Such regulations are essential for student accountability during the school day.

1. Rules and regulations governing the use of student vehicles shall be reasonable and widely circulated.
2. Any licensed driver may drive a vehicle to and from school under the following conditions:
 - a. Local and state traffic laws and school vehicle regulations must be obeyed;
 - b. Students who park on school property must do so in areas designated for student parking;
 - c. Violators of these regulations will be subject to having vehicles towed away at owner's expense and subject to appropriate disciplinary action.

The district may require all students parking vehicles on district property on a regular basis to show evidence:

1. That the student driving the vehicle holds a valid driver's license;
2. That the vehicle is currently registered;
3. That the student driving is insured under a motor vehicle liability insurance policy or other satisfactory proof of compliance with the financial responsibility requirements of the state;
4. That the vehicle is in compliance with district rules by displaying the appropriate sticker.

Parking privileges will be subject to the specific requirements of this policy and any other applicable policy and/or rules of the district. Parking privileges, including driving on district property, may be revoked by the principal for violations of Board policies, administrative regulations or school rules.

END OF POLICY
