## Board Member Development

The complexity of Board membership demands opportunities for development, study and training for Board members. The Board places a high priority on the importance of a planned and continuing program of inservice education for its members.

For Board members to develop leadership capabilities, become informed about current issues in education and improve their skills as members of a policy-making body, Board members will participate in opportunities for development that may include, but not be limited to, the following:

1. Inservice activities planned by the Board and by the administration for staff members, as appropriate;
2. Participation in conferences, workshops and conventions held by state and national school boards associations and other educational organizations;
3. Study, review and discussion of material provided by the superintendent;
4. Subscriptions to publications addressing Board member concerns.
