**Student Insurance Program**

Each year, the district may enter into an arrangement with an insuring organization to provide student accident coverage at school. Every effort is made to secure the most complete and effective coverage at the lowest cost per student. Parents may purchase this insurance for their students.

Insurance provided by and through the district for students is not compulsory but is recommended. Insurance coverage, private or school, is mandatory for those students engaged in athletics. If the parent has adequate coverage, an affidavit from the insurance agent must be submitted to the proper school authorities.
