Code: **EEBB**
Adopted: 1/19/11
Readopted: 10/16/13

Use of Private Vehicles for ESD Business

The Board discourages the use of private vehicles for ESD business, including the transportation of students. Staff will use ESD-owned vehicles whenever possible and should schedule activities and transportation far enough in advance to avoid any nonemergency use of private vehicles.

The superintendent will develop administrative regulations for staff use of private vehicles that will safeguard the ESD and its employees in matters of safety, insurance and liability.

No staff member will use a private vehicle for ESD business without approval in accordance with established ESD regulations. Authorization to use a private vehicle must be obtained before actual use of the vehicle. Staff members who are authorized to use a private vehicle on ESD business will be reimbursed in an amount established by the Board. No staff member will use a private vehicle to transport students for ESD business.
