Superintendent or Principal

The superintendent is the district's chief executive officer of the school system and has, under the direction of the Board, general supervision of all schools, personnel and departments of the school system. The superintendent or designee is responsible for managing the schools under the Board's policies and is accountable to the Board for that management.

The superintendent or principal may delegate to other school personnel the exercise of any powers and the discharge of any duties imposed upon the superintendent or principal by Board policies or by vote of the Board. Delegation of power or duty, however, will not relieve the superintendent or principal of responsibility for action taken under such delegation.
