Approval of Handbooks and Directives

In order that pertinent Board policies, regulations, school rules and procedures may be known by all staff members, patrons, students and parents affected, the principal is granted authority to issue staff and student/parent handbooks.

It is essential that the contents of all handbooks conform to districtwide policies and regulations. It is also important that all handbooks bearing the name of the district be of a quality that reflects favorably on the district. The Board, therefore, expects all handbooks to be approved by the Board and/or superintendent, principal or designee before publication.

The Board will review and approve district staff handbooks in order that the contents may be accorded the legal status of Board-approved policy and regulation. The superintendent and principal will use his/her judgment as to whether other specific handbooks need Board approval. All handbooks published are to be made available to the Board for informational purposes.
