Child Nutrition - Collection Procedures and Accountability System

In collecting payments for meals or milk and in distributing tickets, cards and so forth, school officials must ensure that there is no overt identification of recipients of free or reduced-price meals or free milk. Care must be taken to prevent such identification at the time the ticket or card is issued as well as in the serving line.

All collection systems must have a built-in accounting system to record numbers of full price, reduced-price, or free meals or the quantities of full price and free milk served daily. Keeping these counts is a requirement.
