Advisory Committees to the Board

The Board recognizes that the most effective means of gaining community support is to involve the public in the planning process throughout the year by means of clearly defined and well-directed advisory committees.

At the request of the Board or the superintendent, the chair may appoint temporary committees comprised of less than the full membership of the Board, or of patrons of the district, for special purposes.

The Board will receive prior information on committees of patrons appointed by the administration of the district.

Appointed committees shall be discharged on the completion of their assignment.
