

Graduation Requirements

The Board will establish graduation requirements for the awarding of a high school diploma, modified diploma, extended diploma and alternative certificate which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years if consent is received by the student's parent or guardian or by the student if they are 18 years of age or older or emancipated.

The district will ensure that students have onsite access to the appropriate resources to achieve a diploma, modified diploma, extended diploma or alternative certificate at each high school. The district will provide literacy instruction to all students until graduation.

Essential Skills

The district will allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills of Apply Mathematics, in a variety of settings, in the student's language of origin for those students who by the end of their 11th grade year are:

1. On track to meet all other graduation requirements; and
2. Unable to demonstrate proficiency in the Essential Skills in English.

The district will allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student's language of origin for those students who by the end of their 11th grade year:

1. Are on track to meet all other graduation requirements;
2. Are unable to demonstrate proficiency in the Essential Skills in English;
3. Have been enrolled in a U.S. school for five years or less; and
