Student Activity Funds

Student activity funds are those funds raised or collected by and/or for school approved student groups, excluding those monies budgeted in the general fund or other district funds.

Student activity funds may be obtained by student activities that are approved by the superintendent or designee.

Student activity funds may be expended for student activities and programs, to include special projects, equipment, supplies and activities. The student group will prepare an annual budget, but expenditure of student body funds requires the approval of the superintendent, the superintendent's designee or, if so designated, the student group advisor.

The student business manager or treasurer of the student government organization will serve as that organization's representative in administration of student activity funds.

Student body funds will be audited on an annual basis along with district funds.
