Emergency Procedures and Disaster Plans

The district believes that emergency planning and procedures, safety education and accident prevention are important to everyone concerned with our schools, not only as a protective measure during school hours, but also as an instructional means of developing an appropriate mode of behavior to minimize accidents at all times. It is the policy of the Board to provide for the safety of all students, employees and members of the public at all times while they are engaged in district activities. The superintendent shall be responsible for developing and implementing a school safety plan in accordance with district policy and the requirements of OSHA.
